“BENEATH the BLIZZARD”

A foot-stomping winter
adventure featuring
Fine Chisel, a Bristol
music theatre company

....for a long time, nobody has ventured above ground. An icy wind screams, and drifts of snowmen haunt the streets. But down in a secret bolthole, the music beats on. A band of survivors and misfits, chancers and outcasts, dance in the dark....

Set in a bar in an underground cavern, with **Fine Chisel** breathing life into a fantastical troupe of rogues and rebels in this extraordinary musical adventure. Expect fast-paced instrument and character swapping, playful storytelling and rousing folk tunes with soaring harmonies.
